Our relationship with Excellus Blue Cross has changed.

Our relationship with **YOU** hasn't.

We're standing by to treat all your urgent health issues. So come on in, and we'll help you get going again.

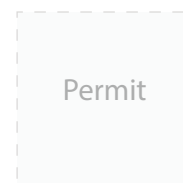

We'll even help you file your insurance claim with us for out-of-network rates.*

And as always, our cash pay rate is very competitive - it can be hundreds of dollars less per visit compared to other options in your area.

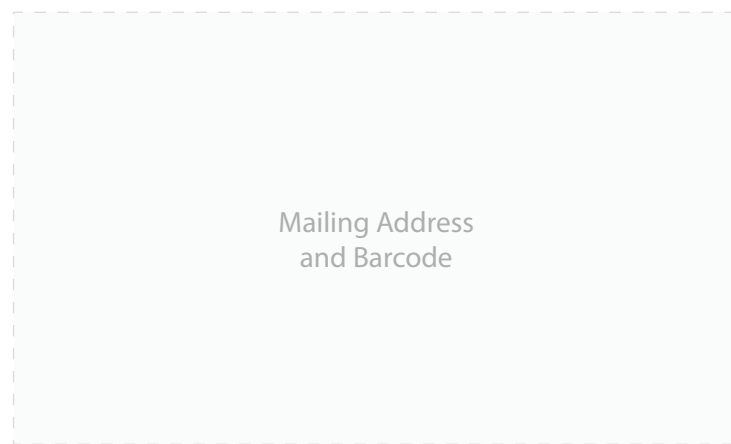

Thanks for making us your partners in health. And remember: **We're here for whatever happens.**
